

Restaurant Guide

Bites of Boone County is a Restaurant Week event that highlights locally-owned restaurants in Boone County. It's an opportunity to bring in new customers and show off your culinary skills. For diners, it's a chance to try out a new place and share their experience on social media.

Any locally-owned, non-franchise restaurant located in Boone County can participate.

Bites of Boone County will be held November 3rd-7th. You can choose the meal or meals to be featured (e.g. breakfast only, lunch and dinner, dessert).

There is no cost to participate. Restaurants are strongly encouraged to offer a discount or a special to entice customers, which we will highlight in our marketing campaign.

Sign up at www.BetterInBoone.org/Bites-of-Boone/ by October 20th.
